IEEE RTSI 2019 Firenze – 11 Settembre 2019

http://rtsi2019.ieeesezioneitalia.it/index.html

The conference will take place at Centro Didattico Morgagni, Viale Giovanni Battista Morgagni, 40, 50134 Firenze

14.30– 16.30 Special Meeting on Innovative Startups and Entrepreneurs

Be an entrepreneur in hot technological areas

The panel will focus on the hot technological areas for entrepreneurs. An introduction will offer an overview of the technological areas, the future technological directions and application trends, the worldwide scientific and professional communities interested in these areas, and the support offered by a scientific and professional association like IEEE. Then more specific presentations will address some technological areas in which efforts are expected to result in opportunity for economic growth.
